Action Item: First & Second Grade capacity

Explanation
Looking to enroll more first and second graders. We previously allowed first grade Spanish to have up to 20 students instead of 19. A previous class of 19 students was changed to 20 students in first grade because the child of a new staff member is enrolling. We acknowledged that last month we had upped all 5 first grade classrooms to 20 not just that class and this still fits under that decision.

Second grade Spanish are also over the standard limit of 23 with a possibility of 3 more enrolling. If so we will have classes of 25 and 26 with a language ambassador in each room. We approved that class size for this year with the support of a language ambassador in each room.

Discussion/Dialog:

Subject
Policy 126 Public School Fees - Changed a few titles. One added recommendation.

Discussion
Member Izquierdo made a recommendation to add one more section that states:

1. Students may be asked to furnish personal or consumable items including pencils, paper, pens, erasers, notebooks, computers and/or tablets

Secretary Hylden and Member Rodriquez weren’t sure this would be needed and questioned what legality would say. Members suggested that the committee look back at the statute to see if this is needed or if it is addressed in another section of the policy and to ask Member Izquierdo to elaborate on his reasoning to add this to the policy. This policy will be brought back to the board for a vote next month.

Subject
Policy Review System - Should we bring each policy first for discussion and then again for approval the next month or should we bring them one month at a time and voted on in the month that we look at them?

Discussion
There was a lot of discussion around this and reminders that we can always table a policy to vote on for the next month and that we can also always bring a policy back up for review. There was a reminder that one of our board trainings shared that it was good practice to not vote on policies in the same month they were brought up. With these other reminders and the work that goes into
organizing the policies into each month’s folder, it was suggest that we go back to the former way of bringing policies month by month and voting on them then.

<tbody>
<tr>
<td>Discussion</td>
<td>We made the right decision not to go through with it last month, due to possible upcoming expenses. The owner recently expressed interest in selling to the school again, that she would be willing to do a contract for deed if our reasoning really came down to cash flow. An expected roof replacement is now not expected to be needed. The board is invited to do a walk through of the property at 9:00 a.m. on Friday, August 19.</td>
</tr>
<tr>
<td></td>
<td>Estimates for the Annex roof were revised from $100,000 to $12,000 for a roof that would last five years. That makes cash flow for the next few years is less tight than expected.</td>
</tr>
<tr>
<td></td>
<td>Not looking at a vote, but wanting to go forward at writing up a purchase agreement and going forward with pursuing this more. There was a question regarding the Annex remodel costs, and in the long range cash flow projection we can see the breakdown month by month of expected income and expenses for the building company for FY17. We are on target for the projection of the annex project. The board was favorable toward looking at this purchase further.</td>
</tr>
<tr>
<td></td>
<td>The contract for deed is being explored with our lawyer.</td>

Also wanted to highlight that our purchase of the Minneapolis Academy auction lots was a huge gain to LILA.

Will do quarterly updates with Executive Director Hedlund.

Reached out to Scott Holland (LILA IT Director) for updating the volunteer section of the dashboard.
