**Action Item:** Executive Director contract, starts July 1, 2017

**Explanation**

The Executive Director Evaluation Committee has met twice to go over the survey done by staff and board members. The Executive Director’s contract is also up for renewal this year. They are proposing that the new strategic plan will be addressed in his new goals. They are also proposing a close look at the succession plan to make sure that is a goal as well. The committee is also proposing a new 3 year contract with a 10% salary increase due to the addition of 6 grades, a new building, and the potential of another new building as well as international students.

The committee did not have an editable version of the contract, so they will write up the contract for the July meeting that will include a 10% increase for the 2017-2018 school year and the following years to be kept the same pending a succession plan with a potential mentorship of a new executive director. At that point, a new contract will come into effect.

**Motion**

To extend the current Executive Director contract one month through July 31. The new contract will be effective August 1.

**Made by**

Member Rodriguez

**Seconded by**

Member Delbene

**Discussion**

There was discussion around possibly extending the current contract 1-2 months to finalize the new contact due to the strategic plan not being finalized.

**Action Item:** Policy 302 Anti-Bullying

**Explanation:** Changed some wording of the school name and who to whom a student or teacher should report the bullying.

**Motion** Accept changes to Policy 302

<table>
<thead>
<tr>
<th>Discussion</th>

</thead>
</table>

The Executive Director had a question about the wording of the definition of bullying in the policy and part V. School Action under part A., because sometimes parents and students don’t know the definition of bullying. There was some ambiguity in the wording that was discussed. There was much discussion in connection to Policy 312 on Harassment as well. Policy committee will review again and check to see if there is a conflict in wording between policy 302 (bullying) and 312 (harassment) policies. For now, we are going through with
approving the changes to the policy as of now.

**Upper School Report**

- Three will be going to a conference at St. Croix Lutheran to learn about bringing in international students as the number of K-12 international students is growing.
- The exchange to Spain is ramping up. The school in Spain has 18 students who want to come in the fall. We have had 18, but may be down to 17. They will go to Spain after the Spanish students come here. This starts the Friday of the first week of school for 6 weeks in each place.

### Discussion

Member Rodriguez asked about enrollment at the Upper School as we limited it and how it could affect international students. There may be options to reserve some of the spaces for international students and we are still thinking about having a private school connected to LILA that would allow international students to stay more than one year.
